## 5. Course rationale

The Master of Management (Research) is designed to provide graduates with advanced knowledge in a key area of management as well as advanced knowledge of research principles and methods together with specialist research skills to enable them to plan and execute a substantial piece of research in the management field. The course aims to develop graduates who will be able to apply their advanced knowledge and specialised research skills in contexts requiring them to be creative and use initiative in new situations, with a high level of personal autonomy and accountability.

Graduates could utilize their advanced knowledge of management and specialised research skills in middle to higher level management positions or in highly skilled research roles in the public, private, education or not-for-profit sectors or as consultants, researchers or managers in their own business.

## 6. Learning outcomes

On completion of this course students should be able to:		
<b>Knowledge</b>	1	Demonstrate understanding of contemporary theory in one or more management and organisational disciplines.
	2	Demonstrate advanced knowledge of research principles and methods relevant to investigating management and organisational issues in a workplace setting.
<b>Skills</b>	3	Analyse contemporary management and organisational theory and critically reflect on theory and practice (using cognitive skills).
	4	Apply management and organisational theoretical concepts and techniques to different bodies of knowledge and to information relating to complex workplace problems (using technical skills).
	5	Plan, obtain stakeholder approval for, select appropriate methodology for and design research about complex problems relating to management and organisational issues (using creative skills).
	6	Communicate contemporary knowledge about, methodology of and conclusions from a systematic investigation of management and organisational issues in a coherent and logical manner to a variety of audiences (using communication skills).
	7	Plan, conduct and disseminate research that makes a contribution to knowledge (using research skills).
<b>Application</b>	8	Address new or complex management issues in the workplace with creativity, initiative, personal autonomy and accountability.
	9	Design and conduct a substantial research project in a business or professional workplace setting.

## 7. Course rules

<b>General</b>	<p>All subjects in the course are compulsory.</p> <p>To qualify for the award of the degree of Master of Management (Research) a candidate shall accrue 120 credit points comprising satisfactory completion of 9904RMA/801RMA Research Design and Methods and 9906RPROP/809RP Research Proposal subjects and satisfactory examination of 9910TMM_A and 9910TMM_B/805TMM Research Thesis (Masters).</p>
<b>Other protocols</b>	<p>The Research Thesis will be an accurate account of the research conducted, will conform to the rules for the presentation of theses and will be assessed according to the rules for the examination of 9910TMM_A and 9910TMM_B/805TMM Research Thesis (Masters).</p> <p>The Research Thesis will be 30,000 to 40,000 words in length (excluding references and appendices).</p> <p>The Master of Management (Research) thesis will demonstrate understanding of contemporary knowledge in a business, commerce or management-related field with a focus on work-based learning.</p> <p>Candidates are required to conduct the research ethically and responsibly according to AIB research policies and procedures and under the guidance of one or more AIB-appointed supervisors.</p> <p>Candidates are required to make satisfactory progress with their research as assessed on a regular basis by the Principal Supervisor and according to AIB Research Policy.</p>

## 8. Course structure

<b>Course Content</b>	<b>Subject Code</b>	<b>AQF Level</b>	<b>Credit Points</b>
Research Design and Methods	9904RMA/801RMA	Level 9	20
Research Proposal	9906RPROP/809RP	Level 9	20
Research Thesis (Masters)	9910TMM_A & 9910TMM_B or 805TMM	Level 9	80

<b>Proportion of research</b>	120 out of 120 credit points = 100%
<b>Nature of research</b>	Complete Research Methods subject, conduct research, write a substantial Research Thesis.

## 9. Pre-requisites or Assumed Knowledge

<i>AQF Level</i>	<i>Subject Code</i>	<i>Title</i>	<i>Pre-requisite (to be completed before attempting the subject)</i>
9	9906RPROP/809RP	Research Proposal	Research Design and Methods (9904RMA/801RMA)
9	9910TMM_A & 9910TMM_B or 805TMM	Research Thesis (Masters)	Research Design and Methods (9904RMA/801RMA), Research Proposal (9906RPROP/809RP) to be completed or enrolled in concurrently

## 10. Assessment approach

Assessment is all individual.

In the research component all assessment is customised to the candidate's research and designed to help the candidate progress with their research project. Specifically, the assessment items are a Draft Research Proposal, a Research Proposal and Ethics Application and the final research thesis. The final thesis is examined externally as per the requirements set out in the AIB Research Policy and Procedures.

## 11. Exit points, articulation arrangements and pathways

<i>Exit points</i>	<p>Candidates who successfully complete 9904RMA/801RMA Research Design and Methods and 809RP Research Proposal subjects can exit with the Graduate Certificate in Management (Research).</p> <p>Candidates who, in addition to the requirements for the Graduate Certificate, substantially complete the literature review and methodology but who don't complete the findings and analysis section of the thesis may, if recommended by the supervisor and if meeting requirements set out in AIB research policies and procedures, exit with a Graduate Diploma in Management (Research).</p> <p>Candidates who complete a thesis that is not approved by the supervisor or is failed by examiners may, if meeting requirements set out in AIB research policies and procedures, be awarded the Graduate Diploma in Management (Research).</p>
<i>Articulation arrangements</i>	None.
<i>Pathways</i>	The Master of Management (Research) provides a pathway to the Doctor of Philosophy and the Doctor of Business Administration.
