

WITHDRAWAL AND DEFERRAL POLICY AND PROCEDURE

Purpose

To ensure that AIB students understand their rights and obligations as well as the process in relation to requesting a withdrawal or deferral of their course or subjects. The principle guiding this policy is that AIB is explicit and transparent about the process of withdrawal and deferral for all students.

Scope

This policy applies to all AIB students, although International Onshore Students should refer to the Deferring, Suspending or Cancelling International Onshore Student's Enrolment Policy and International Onshore Student Refund Policy.

Students are entitled to change their subject enrolments but should note the implications regarding fees and grades as detailed in section 1 above. Also, students seeking to graduate with a specialisation must complete the subjects specified for that specialisation.

3. Change or withdrawal of a course

- 3.1 Students who wish to withdraw from a course should contact AIB for support and may first need to withdraw from subjects (refer to section 1 above).
- 3.2 Students who wish to change their specialisation or course will need to submit the relevant application documentation to AIB. In the process students may need to withdraw from the course and accordingly should speak to AIB, and if applicable pay fees.
- 3.3 If AIB determines that a student is not showing sufficient progress through a subject, after attempting to contact and/or support the student, AIB may in its discretion withdraw the student from that subject and will inform them accordingly.

4. Deferral

4.1 Deferral of offer

AIB does not provide a formal deferral of offer. However, applicants who are issued with an AIB letter of offer have 3 months to accept their offer, after which time the offer expires and after this period, students may re-apply if they wish to do so.

4.2 Deferral of course

Whilst AIB does not provide a formal deferral of course, students wishing to take a break or leave of absence from their studies are advised to contact AIB who will:

- (a) verify the period of the intended break;
- (b) identify and discuss with the student if withdrawal from a subject(s) is required and/or recommended;

- (c) advise students where key dates fall, such as Administrative Dates, Census Dates and/or subject start dates and remind students of any administrative, financial or academic considerations; and
- (d) confirm with the student a timeframe when AIB will contact the student again to assist with re-commencement of studies.

In taking a break or leave of absence from studies, AIB does not automatically extend the course registration period. However, students are able to apply for additional time to complete course requirements (refer to the Academic Progress Policy).
