Formal Learning	Learning that takes place through a structured program of learning that leads to the full or partial achievement of an officially accredited qualification. (AQF Glossary of Terminology, 2 nd edn, Jan 2013)
Formal Review	A review that has a defined process as established in an AIB Policy and Procedure as approved by AIB's corporate or academic governing bodies, such as course and subject reviews.
G	
Genuine Student	A 'genuine' student is one reasonably engaged in their studies. Factors considered by AIB include regularity of logging onto the student learning platform / accessing resources; knowledge of course and subject content and assessment requirements; knowledge of course fees and duration; participation in or completion of academic assessments and activities; timely provision to AIB of updated contact details for enrolment verification purposes; and evidence of enrolment and engagement in other courses or activities which result in a significantly reduced capacity to successfully undertake and complete the requirements of an AIB course. (adapted from Chapter 9 of the Higher Education Provider Guidelines 2013)
GPA	An acronym for Grade Point Average.
Graduate Qualities	General competencies and skills which AIB expects students to be able to demonstrate when completing their study at AIB. Other providers may refer to this as Graduate Attributes or Graduate Outcomes.
Н	
Higher Degree by	Means a Course that involves a supervised Research project. At AIB these are
Research (HDR)	the Doctor of Philosophy and a Doctor of Business Administration. These
Course	courses are designated as Research courses by the Department of Education as they comprise no less than 66% research.
HERDC	An acronym for the <u>Higher Education Research Data Collection</u> .
Higher Education Standards Framework (Threshold Standard) 2021	Please see the definition for Threshold Standards 2021.
Higher Degree by Research (HDR) Candidates	Means a student undertaking a postgraduate higher education degree that involves a supervised Research project. At AIB these include Doctoral degrees (either Doctor of Business Administration or a PhD).

Inappropriate use of Generative Artificial Intelligence (AI)	AIB considers the inappropriate use of Generative AI may include, but is not limited to, its use to prepare, modify, or generate text or other works without acknowledgment and/or appropriate critique and modification of the generated content. It is expected that significant original cognitive and analytical effort is applied to the acknowledged text.
Inclusive Language	Language that is respectful and promotes the acceptance and value of all people Inclusive language is not about impinging on free speech or political correctness; it is about communicating in a way that is accessible and respectful and values, includes and empowers all members of your audience.
